# **LiteWare™ Satellite2**

With a remote, fully adjustable head offering 340 degree pan and 170 degree tilt, focusing your light anywhere has never been easier.

# **Light source**

2x 40W RGBW LED

#### **Light output**

1094 lm

#### **Zoom range**

25° 1/2 beam, 55° 1/10 beam

#### **Effects**

battery power, virtual colour wheel, inteligent charging system, anti-theft alarm

Additional LiteWare Satellite2 can be instantly modified with the use of the innovative, internally wired extendable pole to offer elevation between 1.7 m - 2.6 m. The poles offer a weather proof quick lock mechanism to ensure maximum speed of deployment. It can provide a straightforward, quick-andeasyto-rig cable-free system to light presenters in boardrooms and other small conference situations, or can be used to provide convenient working lights, festival site/tech area lighting or even in the back of trucks! All the cables are integral to the pole which has a connector at each end and it can be wireless controlled.
